Remembering Keith Frazier

With a heavy heart, Pendleton Place is mourning the loss of friend and colleague, Keith Frazier. Keith served as the Region Director of DSS and was a strong advocate for Pendleton Place, especially our Assessment Center program. He will be missed and we will forever be thankful for all the wonderful work he did for the children in foster care throughout our state. We will be hosting an event this spring to recognize Keith's contributions to Pendleton Place. Stay tuned for more information.

Our Mission is to keep children safe and support families in crisis through prevention, assessment, and intervention.

Our Vision is a community where children are safe, families are strong, and victims become whole again.
