

Connections Count Mentor Spotlight

Meet Jasmine! Jasmine has served as a mentor through Connections Count since June of 2016. With her experience as a foster parent, Jasmine knew she wanted to get involved with young adults that have previously been in the foster care system. After conducting some research, she came across Pendleton Place and our mentor program and she knew she wanted to help. The most significant experience so far for Jasmine is the opportunity to walk through everyday life with her mentee. She has enjoyed being there to celebrate the good times and being supportive during the hard times. One of the most important things that she has learned as a mentor is the importance of listening during a conversation. Growing up she had some great mentors in her life and she believes we should pay it forward. Jasmine highly encourages others to become a mentor through Connections Count because she knows how much mentors are needed. "I believe it's our responsibility to impact young people in a positive way", Jasmine said.

If you want to make a difference in the life of a young adult and leave your legacy, please consider volunteering as a mentor through our Connections Count program. If you have any questions and want to learn more about our mentor program please contact Tennison Barry at 864-516-1220 or by [email](#).

Some ideas include paper supply drive (paper plates, paper towels, napkins etc.), toy drive, gift card drive, towel drive (wash cloths, towels etc.) and so much more.
